

SHREYANSH SHARMA

Pre-clinical MBBS Student · Research Enthusiast · NEET 2026 AIR 19202

Varanasi, Uttar Pradesh, India · Healthcare · Biotechnology · Genetics · AI

ABOUT

Pre-clinical MBBS student passionate about shifting Indian healthcare from reactive treatment to true prevention. Interested in predictive AI models trained on pathological data, precision medicine, ABHA digital health records, biotechnology and genetics. Creating content and running free mentorship to raise healthcare awareness.

KEY ACHIEVEMENTS & INITIATIVES

NEET UG 2026 — All India Rank 19202

Qualified for MBBS and began pre-clinical medical education after intensive preparation.

Preventive Healthcare & Precision Medicine Advocacy

Published detailed analyses on LinkedIn comparing preventive vs reactive care, integrating AI risk flagging and personalised lifestyle plans for chronic disease prevention across Tier 1–3 India.

ABHA + AI Clinical Summary Concept

Proposed an ethical AI tool that generates concise doctor-ready summaries from Ayushman Bharat Health Account records to improve continuity of care.

First Step — Free NEET Mentorship

Launched a free Telegram mentorship program sharing high-yield strategies, time management and mental-health practices for NEET aspirants.

Healthcare Content Creation

Documenting medical student life, preventive ideas and AI in medicine through LinkedIn posts and Instagram reels. Focus on education and awareness.

CORE INTERESTS

Preventive Healthcare · Precision Medicine · Biotechnology · Genetics · Artificial Intelligence in Medicine · Healthcare Education & Awareness · Digital Health (ABHA) · Content Creation & Mentorship

EDUCATION

Pre-clinical MBBS — Ongoing (post NEET 2026)

St. Xavier's Senior Secondary School, Varanasi — Schooling completed

SKILLS & MINDSET

Medical fundamentals (pre-clinical) · Systems thinking in healthcare · Research & analytical writing · AI concepts for prediction & summarisation · Mentorship & content communication · Reflection on competition culture, attention & empathy

"The best medicine is the one that prevents the disease from ever appearing."

— Shreyansh Sharma
